

NetMath High School Registration Instructions

You are almost there!

COVID Update: Due to pandemic-related school closures, high school students may take online exams in all NetMath courses. Students are not required to submit proctor information on the HS Registration form at this time.

Review your pre-filled registration form below to make sure all the information entered is correct. Note that certain sensitive information like SSN or your alien registration number will not show in your form below. This information is intentionally blocked from printing in your downloaded pdf. Print the form and get the necessary signatures (Due to Covid, electronic signatures are accepted). Mail your form and documents to the address listed on the registration form.

1. **Make sure you entered the right Course Number.**

Find your course on our [High School Course Listing](https://netmath.illinois.edu/register/highschool) (<https://netmath.illinois.edu/register/highschool>). Review course requirements on that page to see if you are eligible.

2. **Check your Email Address for typos.**

The NetMath office will not be able to contact you, if you have an invalid email address entered. Check to make sure there are no typos.

3. **Make sure the Phone Number you have entered is reachable.**

4. **Check the Name and Email Addresses of your High School Coordinator and Proctor**

Contact someone at your school who will act as your High School Coordinator. Usually a counselor or teacher will act as a coordinator. The High School Coordinator is responsible for serving as an alternate contact in case the student stops responding to NetMath instructors and course-related communication. The Coordinator is also responsible for helping the student remain on track to finish the course on time.

Typically, a student's High School Coordinator acts as his or her proctor. If someone other than your High School Coordinator will be acting as your proctor you must submit [proctor information](https://netmath.illinois.edu/proctors) (<https://netmath.illinois.edu/proctors>) within two weeks of registering for your course.

5. **Documents to include (If you didn't upload them already):**

High School Transcript

ACT/AP Scores

Current non-immigrant status document (*For non US citizens only*)

6. **Do NOT forget to Scan, Mail or Fax your completed application to our office.**

Print the completed online application and mail/fax it with the signatures and necessary documents to the address given on the application form.

Application for Enrollment in NetMath Courses: High School Students

Mail or fax directly to: NetMath, Center for Innovation in Teaching and Learning, University of Illinois at Urbana-Champaign,

505 East Armory Suite 249 Champaign IL 61820 Fax: 217-333-8524

Email: CITL-registration@illinois.edu

Be sure to include:

Ethnic/Racial Codes:

Ethnicity question is only applicable if you are an American citizen or a Permanent Resident.

First, identify whether or not your ethnicity is Hispanic or Latino, regardless of race. Second, select one or more races from the five racial groups.

Are you Hispanic or Latino? Yes ☐ No ☒

Indicate the race(s) with which you identify.

- ☐ American Indian or Alaska Native
- ☐ Asian
- ☐ Black or African American
- ☐ Native Hawaiian or Other Pacific Islander
- ☐ White

If you chose American Indian or Alaska Native as your race, please list your tribal affiliation.

(Your response to these items is voluntary. Please enter your ethnic and racial identification information to help the University meet its federal reporting obligations. Additional information about these regulations is available on the University of Illinois web site at <http://www.vpaa.uillinois.edu/RaceEthnicity>)

Course Information

Please enroll me in the following NetMath course: (Example: NetMath 241) **Math 241** # of Credit Hours **4**

Please indicate the date that you would like to register in the course **8/12/2021**.
(Please note that it can take up to 2 weeks from this date to get started in the course.)

NOTE: If you are not an American Citizen, please include a copy of your current status documents along with your enrollment form. These documents are required to complete this enrollment request.

Applicant's Agreement

I understand that withholding information requested on this enrollment form or giving false information may make me ineligible for admission to the University or subject to dismissal. I also have read and agree to abide by all UIUC NetMath registration and drop policies and procedures (<http://online.illinois.edu/getting-started/dropping-a-class>). By signing this form, I agree that I am legally responsible for all tuition and fees incurred on my student account due to registration in these courses. I understand that the refund/credit policy stated at <https://netmath.illinois.edu/admissions/withdrawals-refunds> is always in effect regardless of whether or not I have begun working on the course(s). If I fail to pay my debt in full by the bill due date, I understand I will be assessed late payment charges in accordance with University policy. In addition, failure to pay the costs of tuition and fees will result in a financial hold on my record which will prevent release of my academic transcript and future registration activity. I further understand that the University may refer my past due account for collection and may authorize legal action against me for the collection of this debt.

Family Educational Rights and Privacy Act

To read about your FERPA (Family Educational Rights and Privacy Act) rights and responsibilities:
<https://registrar.illinois.edu/ferpa-fs>

Students: This message serves as your annual FERPA notification as required by law. By signing below you are verifying that you have read and understood all of the information above (including all policies contained in the links shown).

I understand that the NetMath may need to contact my high school coordinator regarding my course activities.

Permission to Enroll High School Students

Superior high school students may enroll in introductory courses with the permission of their principal or guidance counselor and University approval. This is to certify that this student has a superior academic record meriting consideration for enrollment in a University course for University Credit. The course may be taken in addition to the student's regular high school program. It will not interfere with the student's completion of the high school requirements or the necessary units for admission to the University.
